DIARY

Executive Officer, DD/I

Tuesday, 24 February 1953

1. As a result of their security survey of these Offices, O/CI has reset all of the combinations on our safes and all safes here are now under the control of O/CI (rather than I&S). This means that the special material may now be housed in any of our safes.

2. Discussed with [redacted] request for a [redacted] post for [redacted] of O/NE. [redacted] understands that Strategic Division, [redacted] has a big job to do and will not be a suitable place for quite some time in which area familiarization or experience can be given. He says he has discussed this with [redacted] who is satisfied.
